

홍동희 | Dong-hee HONG

하이리움산업주식회사 부사장/사업총괄
EVP/Chief Sales Officer, Hylum Industries, Inc.

홍동희 하이리움산업 부사장은 대한민국 수소 전문기업 하이리움산업의 사업을 총괄하고 있으며, 수소 특히 액화수소의 에반젤리스트로 활동하고 있습니다. 2014년에 설립된 하이리움산업은 KIST (Korea Institute of Science and Technology) 창업 벤처기업으로 1996년부터 산업부와 과기부의 지원을 통해 국내 최초 극저온 액화수소 제조 및 저장기술을 자체 개발하여 보유하고 있습니다. 하이리움산업은 수소전지기반의 무인항공기, 초경량 액화수소탱크, 수소액화기 그리고 이동식 수소충전소 등의 솔루션을 공급하고 있습니다.

홍부사장은 하이리움산업에 합류하기전에, IBM/Intel/Dell Technologies 와 같은 글로벌 기업에서 사업 및 기술 영업 담당 임원으로 근무 했으며, 서울대학교 대학원에서 석사학위를 취득했습니다.

Davis Hong, EVP and chief Sales Officer, has overseen the overall business of Hylum Industries, Inc. specialized in hydrogen. Especially, he has engaged in various activities as an evangelist for liquefied hydrogen. Established in 2014, Hylum Industries Inc., a start-up of Korea Institute of Science and Technology, has developed Cryogenic Liquefied Hydrogen Manufacturing and Storage Technology on its own for the first time across the nation. The project was assisted by the Ministry of Industry and Ministry of Science and Technology since 1996. The company has supplied unmanned hydrogen cell based plane, superlight liquefied hydrogen tank, hydrogen liquefier, and mobile hydrogen charger, and other solutions.

Previously, he served for multinational companies such as IBM, Intel and Dell Technologies as executive in business and technology sales. He holds a master from graduate school of Seoul National University.
